

Iphone Setup for Bee Creek Email Accounts

Go to Settings then go to Mail, Contacts, Calendars. Select Add Account...

Select Other

Select Add Mail Account

The image shows a screenshot of an iPhone's 'New Account' form. At the top, the status bar displays 'AT&T', signal strength, Wi-Fi, the time '11:26', Bluetooth, and battery level. Below the status bar, the text 'Enter your account information' is centered. The form has a title bar with 'New Account' in the center, flanked by 'Cancel' and 'Save' buttons. The form itself is a rounded rectangle with a light gray background and a white border. It contains four rows of text: 'Name' with the value 'John Appleseed', 'Address' with 'example@me.com', 'Password' with 'Required', and 'Description' with 'My Email Account'.

Field	Value
Name	John Appleseed
Address	example@me.com
Password	Required
Description	My Email Account

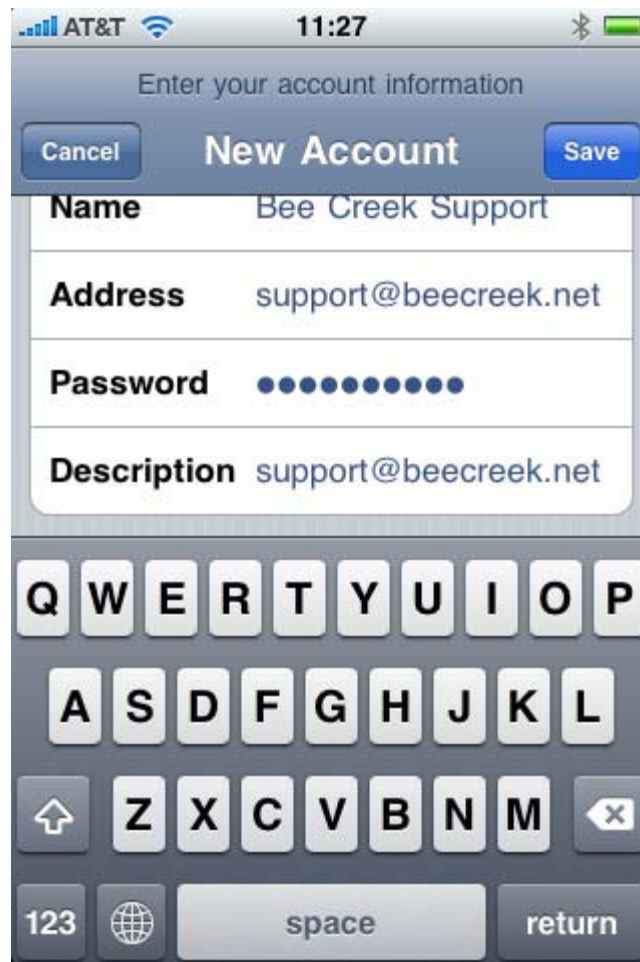

Enter your Name

Enter your Bee Creek Email Address

Enter your Password

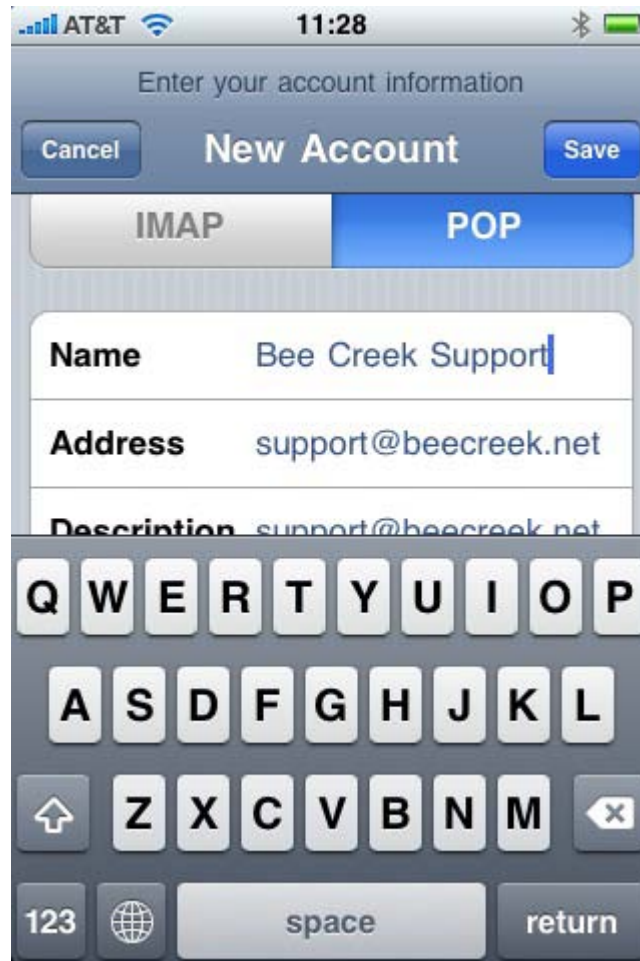

Description can be whatever you want to call your account.

In this example we will use support@beecreek.net for setup.

Click on Save once you have entered all of your information.

The next three pages are all entered in the New Account Setup

Select POP; **make sure IMAP is not highlighted.**

Enter your Name

Enter your email Address

Enter any Description, by default it will show your email address

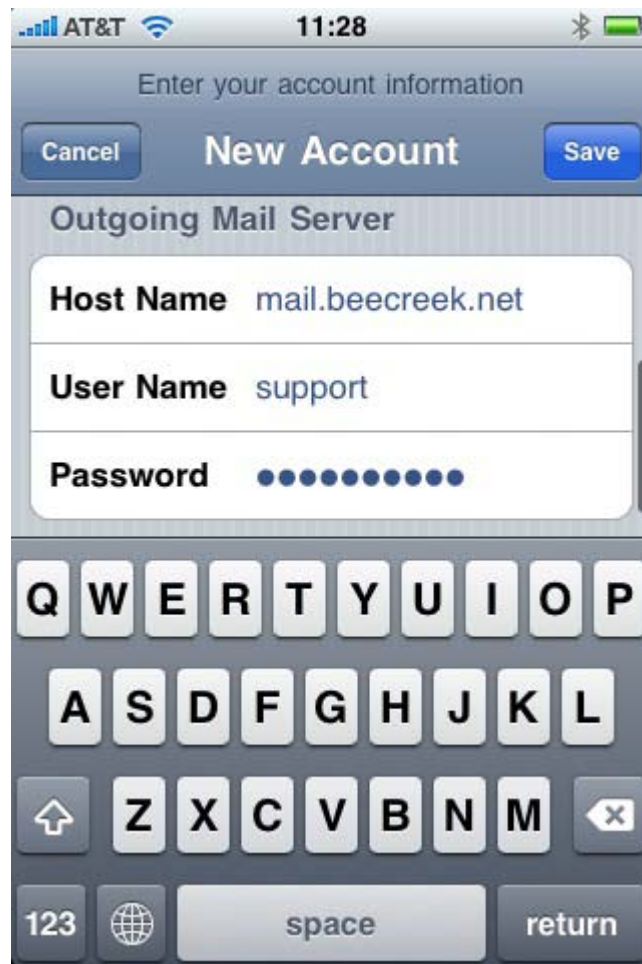

Incoming Mail Server:

Host Name: mail.beecreek.net

User Name: will be the first part of your email address.
Leave off the @beecreek.net

Password: enter the password for your email account

Outgoing Mail Server

Host Name: mail.beecreek.net

User Name: will be the first part of your email address.
Leave off the @beecreek.net

Password: enter the password for your email account

After you have entered all of the required New Account information click Save. The Iphone will now verify POP account information. This can take up to a minute at times.

You will get the following advisory.

Select Yes to continue.

It should show you green checks and immediately take you back to the Mail, Contacts, Calendars page.

You should see the account you entered now appear under the Accounts. Your email account is now setup.
